TALK OF THE TURF.

Rumor of a Straight-Away Mile Track in the Wild and Woolly-West.

TO RACE WITH A GRAND STAND

New Jersey Jockey Club's Prospect of Securing a License Seems Good.

From the West comes a pretty fairy tale. A company has been organized to build a mile track, straightaway. A grand-stand capable of holding 5,000 people, will be built on three tracks. As the horses are sent away on their journey, a button will be pressed, and the grand-stand will go along with the horses. It is asserted as a fact that a company has been formed, and that 1100,000 has been subscribed to give the scheme a practical test. The scheme looks absurd. The grand-stand is to be modelled after an electric car, but the inventor must be indulging in great hopes if he expects to get up enough speed to keep up with a flying thoroughbred. And at the finish, what will stop this electric car quick enough for people to see the finish. It is feared that this scheme will hardly work.

Charged by a Publishing Firm with

Many Forgeries.

Rev. William P. Drew, a Baptist minister, formerly of Jersey City, who has recently been acting as a book agent for Dodd, Mead & Co., was a prisoner in the Jefferson Market Court this afternoon charged with forgery.

Drew was arrested this forenoon in Williamsbridge.

Drew was employed by Didd, Mead & Co.—to sell the works of E. P. Roe.

Scheme will hardly work.

Counsellor Bill Brien bet a lot of money on Detroit yesterday and lost it.

St. James always had Detroit in hand and came away easily at the smoney in up-town pool-rooms, and the smart people who watch for owners' money to go on backed Detroit until he was favorite.

Brien said yesterday that this reminded him of the quaint observation of the old darky, who said, "Whar de hen scratches dere am de worms."

Patsy McDermott made out very well over his win with St. James yesterday. He bet \$300 in town at 2 to 1, and received \$300 from Jeffcott, the owner of the horse, for his victory. In all his ride netted him \$900. No wonder they call him the "coupon-cutting jockey."
